

The diagram illustrates the layout requirements for a finished product. It features a light gray rectangular area representing the finished size, which is 4.25x6 inches. This area is enclosed by a blue line, which is the safety line. Outside the blue line, there is a wider orange border representing the bleed area, which is 4.375x6.125 inches. Two arrows originate from the text 'RED LINE IS THE CUT LINE' and point towards the top corners of the finished size area. A horizontal double-headed arrow spans the width of the finished size area, with the text 'BLUE LINE IS THE SAFETY LINE' centered above it. Below this, the text 'ANYTHING THAT IS NOT GETTING CUT MUST BE INSIDE THIS BLUE LINE' is centered. At the bottom, the finished and bleed dimensions are listed.

RED LINE IS THE CUT LINE

THIS IS WHERE THE FINISHED
PRODUCT WILL BE CUT

BLUE LINE IS THE SAFETY LINE

ANYTHING THAT IS NOT GETTING CUT
MUST BE INSIDE THIS BLUE LINE

FINISHED SIZE- 4.25X6
WITH BLEED- 4.375X6.125
